

“Video Lesson: Quarrymen”

Lesson 5: Quarrymen

Vintage Classroom

In 1895 there were several ways people on Mount Desert Island could earn a living. In a series of short, silly video’s you will have a chance to learn a little more about two common jobs, fisherman and quarryman, as well as farming and some of the games people played during picnics or free time. Watch the following video and answer the questions:

- 1) What does a quarryman do?
- 2) What were some of the things the stone was used to make?
- 3) Name three jobs you could have at a quarry.
- 4) Quarrying could be a dangerous job, what are some of the dangers the men faced?
- 5) Quarry jobs brought people from all over the world to Mount Desert Island. Name two countries the men in the video came from. How do you think people moving to the Island from another country would change life here?
